

# The Virtues of Flight Following - Free Life Insurance from ATC

The "Pilot Friendly" crew of Spokane Approach Control and Tower will lead the discussion on airspace and pilot/controller communications. We will review the requirements of flying in each airspace type and how you, the PIC, can help alleviate many of the read/back hear/back issues that pilots and controllers face each day.

**Directions:** Located at the Spokane International Airport. Spokane Airways Flight Center is conveniently located next to the US Customs building. By vehicle take I-90 West to Exit 276. Turn left on S. Geiger Blvd. Turn right on W. Pilot Drive. Turn left into Spokane Airways parking.

## A message from the National FAASafetyTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
